One of the most memorable characters in this film is Hit-Girl, a trained killer played by 13-year-old Chloe Grace Moretz. Moretz reprised the role in the 2013 Kick-Ass 2, but now the actress says she won't be back to play that role in the final Kick-Ass 3 - and it sounds like Kick-Ass 2 might be to blame for it. Moretz recently participated in a panel discussion at the Provincetown Film Festival (via IndieWire), and the conversation turned to whether or not she would be interested in playing the Hit-Girl role again. Tons of talk over the years of Hit-Girl returning to Kick-Ass 3 or even getting her own spin-off movie, it sounds like Moretz is hanging her cloak forever: I love the franchise. I think the first film was very, very special. I wish the second one had been handled in a slightly different way. Because I think we were all looking forward to something a little bit other than what happened to all of this. As much as I love the Hit-Girl character, I think she lives and survives in Kick-Ass, and I kind of want to keep her there. I kind of want everyone to be in the mind at Kick-Ass. So I don't think there will be a Kick-Ass 3, at least I don't think with Hit-Girl in it. Good news for Moretz? I don't think many people think much about Kick-Ass 2 these days. This movie is a dirty, dirty piece of comic book nastiness, a movie that shows brutal beheadings, attempted rape, and half a dozen other things that would inspire thinkpieces galore if it were released today. Moretz Hit Girl is the best thing about it, but her performance wasn't enough to overcome the film's relentless troubles. (Remember when Jim Carrey appeared as a superhero in this movie? If Kick-Ass 3 ever get out of the ground, Mark Millar wants Tessa Thompson to star as Patience Lee, the new female version of Kick-Ass that has sprung up on the pages of his comics. But it sounds like he and Vaughn will need to find a new Hit-Girl if this character is involved in the reboot.
