Why did you think she'd ever go out with you? You always knew it was going to be the end for you! For four years you comforted her, struck her life, inspired her to succeed, hoping to make her give you a chance, but you knew it would never happen. She'll never give you the time of day, and the day you gave him back your life with her is over. So why? Why did you keep giving in to her? Why continue on this impossible path? You knew, but you still wanted to try, so it's hard to just prove that you had a chance, and there's your reality check Uzumaki, you never had a chance. So now every time you see her, your going to think hey there's Sakura Chan, what? What will you do when she just smiles and waves at you and then walks away like you've never been a part of it? When it starts to break your heart, you will finally notice that she never cared, come back and think why you gave her a chance? From the day you met her, you knew it was going to happen, she would go to a knight in shining armor, not a hero of the city. You knew, but you still repeatedly put your life over yours as some lovesick puppy. Well, you know that Uzumaki fuck them. Fuck the man who put this thing in you, fuck the man who made Konoha what it is today, fuck all your friends for all the crap they put you through, fuck the advice that fucked your life every day, fuck Shinobi for taking this world so fucked up, fuck anbu for doing all this shit, fuck Tsunade for taking you to put up with Sakura, fuck Jaraiya for teaching this man, FUCK Sasuke for fucking your life, fuck Sandaime for what you go to the academy, fuck Iruka for failing you, fuck Sakura for this shit for you, fuck everyone. No... No, no, no, fuck you Uzumaki, fuck you for giving in to them, fuck you for all this, fuck you for being a fool, fuck you for not trying, fuck you for lying to yourself, fuck you for all the crap that you go through, fuck you for holding Kyuubi, fuck you even born... To think they cared at all, to think she loved you, well, you still think so? Yes. Then go fuck yourself. There's only one thing left for your pathetic, sad part is that it's an almost unattainable dream. You can still go the Kage way, make them all respect you, become great, and when they all see your name in the books, they can eat their own shit because they all had a chance with you to help you when you need help! They can all look back and see that they were nothing for you, they had nothing to do with you, you were just there for the backup boy. Someone leaned in when there was no one else left over a friend that no one used, but at that last desperate moment. They call you stupid, stupid, dead last. Hell they still tease you from time to time, and news flashes for them. You beat them up you're on top now, Southke lost when you brought it back, they all lost when you beat them down one by one, the other, thing left to beat in that man! He keeps it all, jiu-jitsu, respect, you have to prove them all, prove them all that they were wrong. When they called you weak, you beat Kiba when they called fate you beat Neji, when they called you stupid you beat Shikamaru, when they called you dead the last you beat Sask, now you have to beat everyone, BECOME HOKAGE, it is your dream, that is your future, you must be on top. Then, when your Hokage doesn't stop, be the best of the best, top in the world, don't stop in one direction, reach them all! Keep walking. The room was dark, the shower was still working, his mop of blond hair flat against his head, tears streaming down his face, mixing with hot water. Keep walking... He smiled a little, his eyes glistening softly as he let his last tears fall. Keep walking... His eyes began to whirl, gray mixing in soft blue, Ha ... Keep walking. Like a whirlpool, Gray sketched himself in his eyes: Don't stop... No... Keep walking. His heart broke. Three weeks later no sign of Naruto Uzumaki for three weeks, no one panicked, he did it all the time, over working himself in training and the like. No one knew where he was except Tsunade. When people asked, she denied when they started molesting her shoeed them, and when they became desperate she told them to leave. Where's Uzumaki Naruto? DobeDead-LastYou failBakaYour fate of losing meOu keep Kyuubi in youDemon ChildI'll come back for youYour father, he ... NARUTU! RasenganEpoee my fate! We're getting married! Be a better man! Don't stop. He dead Naruto He deadHe got up from his lump bed, preferring a window as he approached him. The view from it wasn't too intense, just overlooking the slums of the village a bit. A konoha. Why do I love you so much? Is it because I was born here because my father was born here because my family died here? Whatever the reason, I will always defend you... He slipped on his pristine ANBU suit, as the leader of one of THE most prestigious ANBU teams has always been a must-see. He sighed in the air, rethinking his choice for a second, and with deep breath he went away in a whirlpool of leaves. Hokage Sama. Tsunade looked up to meet the missing Uzumaki. Yes Naruto-Kun? The look he was giving her was a little unnerving, but nevertheless she was Hokaga, so he must want something. I need to ask for something. Naruto hid his eyes under his long hair: Something that will require me to leave the village for two years or so... Tsunade's face was harsh as she said: It's too dangerous there besides you have barely returned, and without Jirai ... Don't say his name, just please don't tell. He looked Tsunade in pain: You know why I should I can't stay here for this Tsunade, I need to be out of Konoha. Naruto, please don't start. Tsunade turned the chair to get out of the window overlooking Konoha: You can not stay, but you must, it is your duty ... What debt? His anger began to grow: Is it my duty to be pushed around? Or maybe one where everyone enjoys me, or maybe one where the village hates me. His eyes showing his fury he continued: No or maybe it's my duty as a scapegoat to watch my life turn to hell, as everyone else walks in a good mood, is it my duty? The pain in her eyes was obvious as she looked at the closest she had to her son. Yes, it's Naruto, whether you like it or not, it's your duty to stay here, even if your life is hell and you go through so much, you should be here. Bullshit, your just too over-protection me, I'm not your son, your grandson, I'm a ninja, and ninjas don't live the life that I do... He started screaming: Trained Sannin, son of Kage, I have the potential to climb and all you do is hold me back. He looked at her: Do you want me to be like Sauke yes? Leave here without permission because I guarantee you that if I do they won't take me back, I'll have hunter nins on my maybe s-grade rank in the bingo book, is that what you want? Naruto calmly do .. No, I won't, you don't know that I'm going through, and if you think death scares me, then yours is more fucked in the head than you ever know. His eyes have begun to change again, gray return: You think that death is worse than that, then your for the wrong, your bullshitting yourself, I refuse to hold back because of some bullshit mistakes Konoch, I will grow, I will not stop growing, and if you dare to keep me ... If I dare to keep you? Do you think you're better than me? Do you think you have experience? Some things go wrong in your life and you think it's over? What's wrong with you? And? Tsunade got up from her seat: Do you think you have a special occasion in this village, don't you? Special? HAH Do you think I'm not a special case, the fact that I keep the most powerful demon on this planet says something wrong? Gray was totally sketched in his eyes: Look at me so you can take it all, IM OLDER now! Gray has shifted even more: And it's ... He pointed it in his eyes: Look me in the eye, just do it. What, you think those eyes are scaring me, don't you? Do you think just because you've all grown up that you're better than the people out there? Tsunade do not look him in the eye: Are you going to be like Uchihas now and flaunt your skills? And? She backed off: Or maybe you'll like Itachi and betray everyone, or maybe, as your godfather, die in the battling... She never finished the sentence, as she had to look him in the eye... Don't you dare compare me to Tsunade's traitors! And you have so disrespectful to the dead? He's dead because of you. Do you think the only thing went wrong in my life? Naruto is stored Contact: If only one thing went wrong in my life I would be the happiest person alive, but my whole life is wrong. He looked: You know what it's like to have a family, a mother, a father, a brother, you know what it's like to be loved, and all I know is what it's like to be hated. He gathered the chakra in his eyes: I'll show you what it's like to have nothing. Mangetsu: Tsukiyo (Full Moon: Moon Night) She found herself trapped, with nowhere to go, only small sounds surrounded her, a bright moon above her that lit up only a small circle around her, and the screams, blood curdling scream made her tremble: Crazy isn't it that only the eyes can do for you in a matter of minutes. Naruto appeared next to her: Through the pain, unimaginable pain I got this technique by showing a man trapped there for the worst nightmares, but I will not use it on you Tsunade. He retreated into the shadow of the kingdom. No, I'll just show you what it's like to be alone. Naruto pushed Tsunade into a chair and sat in front of her, she was trapped in his kingdom, and she had a few more seconds or so before she got out. Whether it was necessary, no, but it felt damn good to relieve stress. Tsunades's gaze of horror receded, and she got her consciousness back. She looked at him. Scared, trembling lips, and he just looked, she grabbed a few papers eying him in fear yet, So I see that it worked, you see how it feels now? Are you going to let me go now? She started to move faster: Oh, poor Tsunade finally see what I need to go ... She handed him the papers and he gave her a final remark: If you ever disrespected mine with a sense of Tsunade... He left again, Tsunade looked empty space with tears in his eyes. How could Naruto wash her like that, was he really in so much pain? Now he was gone. Why was she so scared? It was just Genjutsu yet it felt so real. She had tears streaming down her face, two years is a long time ... In a few months, Tsunade-Shishu, will you call you a call? Sakura looked at her master pleading with his eyes: He should be here for the wedding, I've already sent him some invitations, but they've all just come back with their heads in the bag. Tsunade remained calm: Naruto doesn't want anything to do with Konoha right now Sakura, he'll miss your wedding, he'll miss everything that's going on right now, and when he comes back, maybe he'll feel bad, but maybe he won't. Yes, Kakashi-Se Seishi told us. She kept an eye on the turned back Hokage, but he never gave us a reason, I mean we were the perfect team, never failed the mission, and our respective abilities helped us finish the mission perfectly, so why would he leave? I can't tell you why Sakura, because it's not my place, say, figure it out yourself and maybe someday you'll see. Tsunade cut herself off: Blah forget, I'm just ranting old lady ... Shishu, please just keep holding trying to get him to come, we want him to be a better person. Sakura's eyes were tearing, Without him, everything will be the same! Tsunade held his voice: Konoha will never be the same without Naruto, he is our source of happiness, which makes us all continue to try to achieve our dreams, and without him nothing is the same! It's been tearing up a bit, but with all the crap it's gone through I don't think it's ever going to be the same, Naruto hurts and the pain is causing change. I understand shisha, so I ask you to just send the letter again. Ok Sakura, last time and all . Tsunade turned her face to her pupil: Dismissed. Sakura LetterDear Naruto, Sask and I want you to be in our wedding, you helped us as a partner, as a friend, and as a brother. Nothing will be the same if you are not there to celebrate with us Naruto. We miss you, you are our inspiration and we really need you to be there for us on our wedding day, it would be very nice if you could just come back to us for a few days. Sauke even decided you'd be a better person. So please come, Team 7 needs you again because without you there was no Team 7. Well, I can't say anything else but we miss you, so come back! SignedUchiha SasukeUchiha Sakura1 Month LaterTsunade handed A letter to Sakura as she entered, What is Shisou? A letter from Naruto-Kun! Tsunade smiled a little, it's been forever since someone received the letter: Let's hurry up and open it! Sakura opened it and went next to her master: Here we can read it together! Dear Sakura I can't make it to the wedding and to be honest I don't care, but I found Sasuke the new best person. Signature of Uzumaki Namiqadze Naruto I think it's a seal of blood To Shishu! Tsunade eyed him gently as Sakura bit his thumb and smeared blood. Poof! Blood poured out as his head fell to the floor, and there, his face twisted in an angry smile, was the head of the third Sannin. Orochimaru was dead.
